“CHILDREN’S DAY” INTERNATIONAL ART EXHIBITION & WORKSHOP

KOCAELI, TURKEY – APRIL 24, 2023

CALL FOR ARTISTS & CHILDREN

“With the declaration of Turkey’s independence on April 23, 1920, this date was celebrated as a holiday. The leader of turkey, Mustafa Kemal Atatürk, led the celebration of today as the Children’s Day after April 23, 1923. Children, who are our future, took the seat of the head of state and had a say on April 23. Children Day, which is still celebrated on this date, has also shown its effect in various countries. With UNESCO’s declaration of 1979 as the “World Year of the Child”, this holiday is celebrated with great enthusiasm and excitement together with the children of the world. In the name of world peace, it has been a source of pride for us that children, who are the elders and managers of the future, came together on the occasion of this day and embraced each other with childish innocence.

There will be 100 children’s paintings in this exhibition, which will be held with the support of you artists, especially for the 100th anniversary of the Children’s Day.”
